

# CREATIVE YOUTH VOICES

**Become a Cultural Explorer  
from home**

## WHO'S IT FOR?

Children and young people. It's also great for families to explore together.

## HOW DO I GET INVOLVED?

All you need to do is download the Challenge Pack [HERE](#) and have fun:

- Exploring arts experiences from across the world.
- Taking part in art sessions, created by professional artists.
- Telling us all about your experiences, in a creative way.

## WHAT DO I NEED TO DO NEXT?

Dance, sing, create poems, draw, paint, write, perform... whichever format you chose for your creations and reviews, don't forget to take a **photo** or **video** and share them with us. Simply **upload** them and **tag us in** on social media **@stokecep #CreativeYouthVoices**

Please share them by **Friday 25th September**, or sooner if you can... we can't wait to see what you create, and what your thoughts and opinions are!

All that we ask is... if you're under 18, please ask a parent or guardian to share them with us for you.
